HARDER TO BREATHE **Maroon 5**

Key: C#m
tempo: 150

C#m riff

How dare you say that my behavior's unacceptable
So condescending unna-SESS-a-RALLY critical
I have the tendency of getting very physical
So watch your step cause if I do you'll need a miracle

You drain me dry and make me wonder why I'm even here
This Double Vision I was seeing is finally clear
You want to stay but you know very well I want you gone
Not fit to fuckin' tread the ground that I am walking on

CHORUS:

C#m **Abm** **B** **F#**
When it gets cold outside and you got nobody to love (woe oe oe oh)
You'll understand what I mean when I say / There's no way we're gonna give up (yeh yeh yeh)
And like a little girl cries in the face of a monster that lives in her dreams (woe oe oe oh)

C#m **Ab** **C#m**
Is there anyone out there cause it's getting harder and harder to breathe
Is there anyone out there cause it's getting harder and harder to breathe

What you are doing is screwing things up inside my head
You should know better you never listened to a word I said
Clutching your pillow and writhing in a naked sweat
Hoping somebody someday will do you like I did

CHORUS

SOLO

BRIDGE: **C#m**
Does it kill / Does it burn
Is it painful to learn / That it's me that has all the control
Does it thrill / Does it sting
when you feel what I bring / And you wish that you had me to hold

CHORUS (end lines):
Is there anyone out there cause it's getting harder and harder to breathe
Is there anyone out there cause it's getting harder and harder to breathe
is there anyone out there cuz its gettin harder and harder to breathe?
