

SAVE ME SAN FRANCISCO Train

Verses and Choruses: **D - G - A - D**

Key: D
tempo: 112

I used to love the Tenderloin / Till I made some tender coin
Then I met some ladies from Marin
We took the highway to the One / Up the coast to catch some sun
They left me with these blisters on my skin.

Don't know what I was on, but I think it grows in Oregon
So I kept on going, going, gone right through

Bm **A**
I drove into Seattle rain, fell in love then missed the train
G **lick: D - A**
That coulda took me right back home to you

CHORUS:

I been high / I been low
I been yes / and I been oh hell no
I been rock 'n roll and disco
Won't you save me San Francisco

Ooo oh - hoo Woo hoo hoo / oh oh

Every day's so caffeinated / I wish they were Golden Gated
Fillmore couldn't feel more miles away
So, wrap me up return to sender \ Let's forget this 5 year bender
Take me to my city by the Bay

I never knew all that I had / Now Alcatraz don't sound so bad
At least they'd have a hell a fine merlot
If I could wish upon a star / An' I would hitch a cable car
To the place that I can always call my own

CHORUS

CHORUS 2 (ADD):

I been up / I been down
I been so damn lost since you're not around
I been reggae and calypso
Won't you save me San Francisco

BRIDGE:

Em - G - D - A/C# 2x

To tell you the truth
I miss everything...everything
It's a wild, wide, beautiful world
But there's a wide-eyed girl back there
A **A...**
And she means everything...everything

CHORUS 3:

[All by during choruses]

I been stop / I been go *[Band stop on "stop" but DON'T STOP THE BEAT like the recording.]*
I been yes and I been oh hell no
I been rock 'n roll and disco
Won't you save me San Francisco

I been up / I been down
I been so damn lost since you're not around
I been reggae and calypso
Won't you save me San Francisco

Oo oo oo...oh oh
Won't you save me San Francisco
Oo oo oo...oh oh
Won't you save me San Francisco
